

Kaiser Tile

Verse

Verse, inspired by nature, is one of the newest tile offerings from Ceramiche Caesar. Made in Italy, Verse is porcelain stoneware designed as the framework for the basic elements of shape: color, texture and size.

Color: the element of synthesis and balance between the various textures that guides towards a new concept of design.

Texture: the design blend that interprets the many fonts of inspiration, creating the new texture of contemporary style--Calcareous, Quartzite, Micro-cement, Travertine and Marble.

Size: plank-size tile supplements the existing square and rectangular sizes of the collection--a new perspective of the space that enhances possible applications and modular installation solutions.

Verse is available in four colors (Chestnut; Cloud; Sugar; Volcano) and seven sizes (12x48; 8x48; 15x30; 10x30; 5x30; 24x24; 12x24) offering over 16 different installation patterns that can be found in the Verse catalog.
